

CARE was founded in 1945 with the creation of the CARE Package®. Almost as soon as the first CARE Packages were off-loaded from ships in Le Havre, France, the CARE Package became an international icon. Today the CARE Package remains a powerful symbol of generosity and compassion, but instead of providing aid in cardboard boxes CARE delivers lasting change. We're tackling poverty's underlying causes with programs that focus on working with girls and women. Our experience has shown that, equipped with the proper resources, empowered girls and women have the power to lift whole families and entire communities out of poverty. Last year CARE reached more than 97 million people in 87 countries with 927 poverty-fighting programs.
